New Business

question about school patrols

The new Glenmore bypass has taken the pressure off the front of the school, but added pressure to Union and Snowsell.

Patrols are tricky because of the traffic light, we were advised to stop since it uses up too much walk signal time.

We had an incident yesterday with a city bus going across when the walk signal was on.

Could we have our own Wilden bus? Could we hire a crossing guard to supervise the crosswalk?

Maeve Buckley will forward her concerns to the safety officer and check into the bus and crossing guard for us. Parents are welcome to voice their concerns to the city as well.

Thank yous

Maeve Buckley and the PAC will send a thank you card to Darren K. to thank him for putting the orange little crossing guy out every morning.

Maeve Buckley mentioned that she would be happy to supply pizza for all of the volunteers and the Knox students next year for the spring fair. Discussion about getting a new gator outfit. The one we have is starting to wear out.

Harp Singh would like to give something to Casorso PAC to thank them for the loan of the indoor games along with DJ Haymaker. Maeve Buckley thinks that we should not give monetary gifts when there are lots of other people who spend lots of time volunteering. Motion made by Janine Cornett to give Casorso \$100 for the donation of their games, seconded by Harp. Motion passed.

See you all in September.
